The Leader with the Winning Edge

Leaders are people at all levels of an organization who have the ability to anticipate and respond to new challenges with a sense of readiness.

They know the importance of effective communication and collaboration as it pertains to the success of any project.

Communication

The greatest problem in communication is the illusion that it has been accomplished.

George Bernard Shaw

Collaborate

Better Outcomes Through Effective Collaboration

- Presence, participation, communication and mutual goals
- Shared vision and shared decision making
- Shared resources, technology and information
- Shared accountability for outcomes
- Respectful interactions and trust

Where else can you learn?

Are you willing to broaden
your perspective and see
things through a new
lens?

Creating “Miniature Masterpieces in Your Organization

The leader looks for
the best in others.
Duke Ellington was
a master at this and
was known to show
off his players in
creative “miniature
masterpieces.”
